

About Us

The Randolph County Health Department is a Certified Local Health Department that provides clinical and environmental services through the operation of programs, services, and community partnerships. We receive funding from state and federal government grants, non-government grants, fees for service, and county tax dollars.

Our vision is to lead Randolph County to be one of the healthiest counties in Illinois.

Our mission is to provide public health services directed toward prevention of disease, promotion of health, and improvement of the quality of life for Randolph County citizens.
